It's in our DNA.

When we're on holiday, we like to enjoy music, spend time with friends and party. We live each moment to the fullest, trying to make them last forever and always wanting more.

To make sure our passengers have a truly unique holiday, we have created various themed parties. Each one is a new experience, where you can enjoy yourself like never before whilst sailing to your next destination. **What are you waiting for?**

Long Live the Summer

With vibrant colours, surfboards, a retro feel, vintage decoration... our 'Long Live the Summer' party fills the ship's deck with energy to offer passengers a cool, rejuvenating experience, full of fun and sensations.

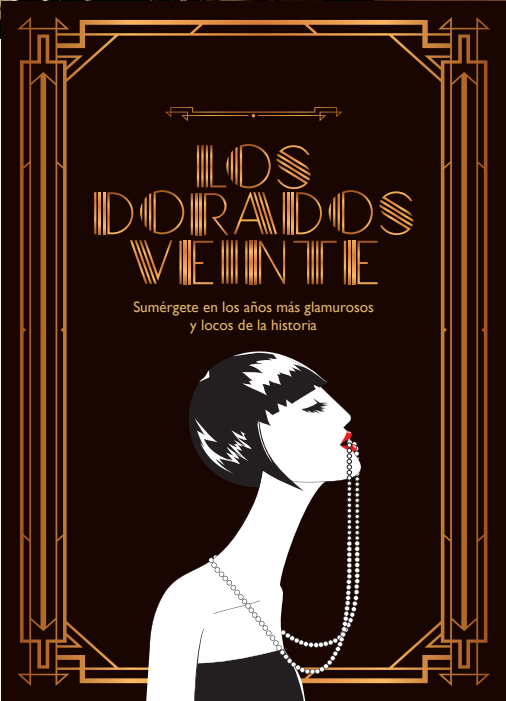

Everything begins when our band begins to play and nobody ever knows how it will end...

The Roaring Twenties

The glamour, music and dancing of the Roaring Twenties invade our ships to offer passengers a night of fun and sophistication with a touch of craziness.

A journey through time, which begins at breakfast with an invitation to the unforgettable party everyone wants to go to.

White Night

A themed party to paint the night white. Inspired by Ibiza's typical summer parties and full of live performances, music and dancing, our 'White Night' is an exciting and elegant celebration, full of surprises.

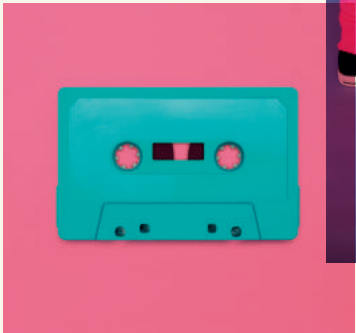

A unique night in which everyone gets involved and is part of the show.

A night in the 80s

For passengers looking to be taken back to the eighties, this party is just for them.

The night begins with the ‘80s Movida’ show, which captures the music, aesthetics and spirit of the decade. We’ll also have live concerts, disco music and goings-on reminiscent of Footloose.

Gala Night

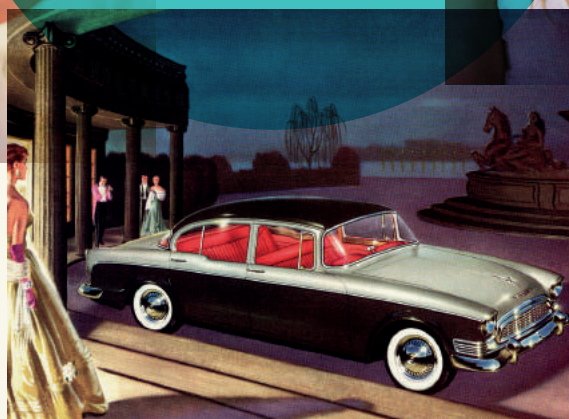

If one night really stands out on our ships, it's the Gala Night. This is a magical and elegant night where our passengers get to meet the ship's captain and officers.

A luxury dinner, a show which exudes glamour and lots of surprises to make your holiday truly special.
